LIFE ASSURANCE as an investment is not a favorite one among the average Canadian, for, upwards of twenty-five years, therefore investors should consider what the quarter in which they take such savings, to secure the future comfort and income of their families.

The Canadian Bank in Toronto has full power to accept risks, make claims, and make investments in the country, without reference to the Head Office, Edinburgh.

They have already invested in Canada large sums of money, and the majority of the amounts received from the business of the office since its establishment in Toronto.

ronjo, but also of the funds sent out by that purpose by the Head Office, Edinburgh; the latter office is in a position to public the advantages of a Canadian as well as a British Company.

Money to invest at reduced rates of interest.
